温州肯恩大学
WENZHOU-KEAN UNIVERSITY

Course Information

Course Title: Strategic Mgt Global Info Sys
Course Number and Section: GMBA 5885 W01
Campus Location: Wenzhou-Kean University
Semester: Spring 2026
Meeting Days and Times:

09:00 – 12:00, 13:00 – 17:30
03/22 Sun, 03/28 Sat, 03/29 Sun, 04/04 Sat, 04/05 Sun, 04/12 Sun

Meeting Location: CBPM C423

Instructor Information

Instructor Name: Dawei CHEN
Office Location: CBPM B214
Office Hours: Tue & Thu 11:15 – 12:30 | Wed 14:00 –16:30
Email: dchen@kean.edu

Course Description

This course will introduce the students to the main issues in global information system management, and how managers can use IT on a global basis to achieve strategic business advantage. The focus will be on the management of information systems and technology in a global context in terms of planning, infrastructure, applications, business processes, and IT operations.

Course Level Student Learning Outcomes

Upon successful completion of this course, the student will be able to:

- Describe the applications of technology in a global enterprise
- Analyze the strategic use of information resources
- Formulate policies to manage and govern the IS function
- Evaluate the security and privacy of information

Section Level Student Learning Outcomes

- Understand how artificial intelligence (AI) enhances and transforms information systems and business process
- Understand prompt engineering, MCP, skills, agents

Instructional Method

- *Interactive lectures*: introduce core concepts, strategic frameworks, and emerging topics in global information systems and AI.
- *In-class case analysis:* apply theory to real business scenarios, emphasizing strategic alignment, system evaluation, and managerial decision-making.
- *Group project:* analyze a real company, evaluate its information system, and design an AI-enabled strategic solution across proposal, presentation, and final report stages.

Course Materials

- Laudon, K. C., Laudon, J. P., & Traver, C. G. (2025). *Management information systems: Managing the digital firm* (18th ed.). Pearson.
- Pearlson, K. E., Saunders, C. S., & Galletta, D. F. (2024). *Managing & using information systems: A strategic approach* (8th ed.). Wiley.

  [Additional reading materials will be provided as needed.]

Course Schedule

Date		Topics	Activities
03-22 Sun	AM	Course Introduction & House Rule	Icebreak
	PM	Introduction to MIS *(Laudon Ch1)*	Case study: UPS
03-28 Sat	AM	Information Systems Strategy Triangle *(Pearlson Ch1)*	Case study: Judo Bank
	PM	Strategic Use of Information Resources *(Pearlson Ch2, Laudon Ch3)*	Case study: Zhuiyi Technology
03-29 Sun	AM	MIS and Digital Transformation *(Pearlson Ch5, Laudon Ch9)*	Case study: Tsingtao Brewery
	PM	Ethical and Social Issues in MIS *(Pearlson Ch13, Laudon Ch4)*	Debate: Should AI-generated content be protected by copyright?
Proposal submission due on ***April 3 (Friday), 23:59 (Beijing Time)***			
04-04 Sat	AM	Introduction to AI: Business Value & Impact	Case study: Baidu intelligent recruitment
	PM	Prompt Engineering, MCP, Skills, Agents	Mini group presentation: economic, business and societal impact of AI

04-05 Sun	AM	Platform & Ecosystem	Case study: GitHub
	PM	Data, Analytics, & Decision-Making *(Pearlson Ch12, Laudon Ch12)*	Hands-on data analysis exercise
04-12 Sun	AM	Group Project Presentation	20 min pre + 5 min Q&A per group
	PM	Final Report Drafting	
*Final report submission due on **April 18 (Saturday), 23:59 (Beijing Time)***			

**The schedule is tentative and may be adjusted based on class progress.*

Course Assessment

Grade Breakdown		
Individual	Attendance	10%
	Participation	10%
Group	Case Analysis	20%
	Proposal	20%
	Presentation	20%
	Final Report	20%
	Total	**100%**

1. Attendance (10%)

Students are expected to attend all class session. Absence requests must be submitted via email (dchen@kean.edu) with appropriate supporting documentation.

- 1 point will be deducted for each half-day absence, regardless of reason
- Students who miss more than 2 full days (four half-days) are required to retake the course

2. Participation (10%)

Participation is assessed based on engagement in class discussions, activities, and overall contribution (both frequency and quality) to the learning environment.

3. Case Analysis (20%)

This component includes case discussions, mini group presentations, and in-class debates. Assessment focuses on preparation, analytical depth, and contribution.

4. Group Project (60%)

The group project consists of three stages: proposal (20%), presentation (20%) and final report (20%). Please refer to the group project instructions for detailed requirements.

Grading Scale

Grade	Percentage Range
A	≥ 93
A^-	90 – 92.9
B^+	86 – 89.9
B	83 – 85.9
B^-	80 – 82.9
C^+	76 – 79.9
C	70 – 75.9
D	60 – 69.9
F	≤ 59.9
IN	Incomplete
